My wife Xiangnan and I want to share with the Washington,, D.C. *Bailliage* our "secret" authentic Chinese restaurant with unique tastes not experienced by most American diners. As one reviewer proclaimed: "I used to live in China, and I can tell you, this is the real deal like they serve there. Walked in there on a Saturday night and found a bustling joint filled with excitement. In fact, everyone in the joint seemed to be Chinese, and the wait line would have been out the door if not for the rain outside. A sign on the kitchen door says, 'Every dish leaving this room must be PERFECT.' It shows that the owner is serious about providing great food."
