

Kuya Ja's Kinamot Instructions

Reheating & Plating

First,

Upon receiving your Kinamot delivery, proceed to place everything in your refrigerator until 30 minutes prior to our Zoom meeting. There are plenty of ways to reheat each course and it all depends on what is available at your house, whether that be a microwave, oven, stovetop, or grill. For today's dinner, the following instructions will only reference the use of an oven and a microwave to reheat all of the courses. As each household is equipped differently, please adjust to your preference along with taking the extra pre-cautions to make sure that the courses are not overcooked.

*Preheat oven to 300° Fahrenheit.

*All courses will be numbered. Please match it to the following list when determining which is what:

1. Lechon Belly
2. Ribeye Tuhog
3. Sweet Garlic Longanisa
4. Chicken Inasal
5. Wok Seared Bokchoy
6. Mango Jicama Salad
